

Parent Teacher Association

Nominations for PTA Committee 2017-18

Prep 1

Camilla Barretto

Camilla Barretto is an Old Paulean (class of 2000). Although she did not graduate from St. Paul's, she didn't think twice about enrolling her son Alessandro di San Marzano, since her best friends and memories are from the time she spent here. For many years she worked in technology and communication companies such as Google and Twitter, but today she has her own company in which she develops and administers tech-related educational programmes. She is passionate about education and about the fundamental ways that parents and teachers can work together to enhance children's learning experience. She would be honoured to help facilitate this collaboration, and to make the St. Paul's experience even better for our children.

Paulina is married to João and mother of Emilia (10), Lorenzo (6) and Antonio (3). She is a passionate mum, engineer, and educator. She grew up in Chile, and then life took her to diverse destinations, and recently back to São Paulo.

She is thrilled to be joining the St. Pauls' community in August. She believes a close collaboration between parents and the school is critical to promoting children's wellbeing, advancing their learning, and to raising informed and engaged citizens. She is thrilled to have the opportunity to engage and contribute to the school through the PTA Committee. She looks forward to meeting you all and to an incredible year ahead!
