St. Paul's School Yearbook 2015

The brand new St. Paul's School Yearbook 2015 including 24 all-colour pages is on sale now.

The School Yearbook aims to celebrate the school year 2014-15 with photographs, articles and artwork from everyone in the St. Paul's Community. This year's cover design is a piece of IB artwork made by Giovana Mitrani. The Yearbook also commemorates the final year of the Upper Sixth, many of whom have been here since Pre-Prep, and there is a great look back in time from their Pre-Prep years onward.

The book also covers the worlds of the Pre-Prep, Prep and the Senior School with 8 full colour pages illustrating the life and times of the pupils of St. Paul's this year including a new Pre-Prep 3, 'What I want to be when I grow up' page. All tutor groups are covered and there are pages ranging from sports teams, to the school play, school trips and a few surprises.

The Yearbook is priced at R\$ 125.00. Get yours from Mrs. Blackaby, Dona Carmen, Josefa (Prep) or Juliana (Pre-Prep). Hurry while supplies last. There are limited quantities available.
