

Parent Teacher Association

Nominations for PTA Committee 2019-20 Upper Sixth

Iara Rembado

Dear friends,

To begin, I would like to tell you how very grateful I am for the opportunity you've given me this last year, to be your PTA representative for this wonderful year group, not only the children but the parents as well. I would sincerely like to continue to be your PTA representative for their upper sixth year, through to graduation.

If elected, I'd like to emphasise the importance of the need to work closely with all of you, as it's such an important year at school for our children. There will so many issues to decide and discuss. Additionally, the children will need a lot of support with organising and planning key events of their last school year. I know all of us want it to go smoothly and be as special as possible.

I would be most grateful for your continued support.

Dr Silvana Chedid

Dear friends,

The majority of you have known me for many years. I am Silvana Chedid Grieco, married to Mario and mother of Enzo (L6) and Nina (F3), who have been studying at Sts Paul's since PP1.

I am a Gynaecologist, having graduated at the Medical School of University of São Paulo and with a PhD from the Brussels Free University. I am an enthusiast in the career I chose and I have been participating for many years in the Careers Fair, giving St. Paul's pupils lectures about College admission and job requirements for medicine. I have also been invited many times to talk to pupils about sex education and those were rewarding experiences. Last year I joined the St. Paul'ss Womens Network Group and this has also been a wonderful experience.

This is the last year of school and our priorities now are the IB exam and University applications. My intention, presenting myself to be our PTA representative, is to work in close relation to the senior team in order to make this year the best it can be, resulting in outstanding IB marks and many good University offers.

I wish to thank all our past representatives for the phenomenal work they did for our year group. I would also ask you to consider a renovation and a different approach. Your children are as my own and I hope to do my best to guarantee a wonderful last year, full of lovely memories, that we will all carry for the rest of our lives.
